

Agency of the Week Profile

Date of Publication: June 29, 2009

Agency Name: Lethbridge Therapeutic Riding Association

Agency Phone Number: 403-328-2165

Agency Description

Lethbridge Therapeutic Riding Association is a charitable organization. Our mission is to provide riding opportunities for disabled southern Albertans and to improve the physical and emotional well-being for people of all ages and abilities who participate in therapeutic riding.

How the community can help?

This summer Lethbridge Therapeutic Riding is holding summer camps. Summer camps run throughout July and August. We are looking for eager summer camp volunteers to help make this year's camps successful. Volunteers would help out with a variety of activities, which include: assisting the riders in catching and tacking up their horses, assisting riders while they are on their horses and assisting the instructors as needed.

Camp volunteers are needed for both the Therapeutic camps and the Able Body Camps. Therapeutic camp days include: July 6, 13 and 20; August 10, 17 and 24. Able Body Camps include: July 14-17; July 14-17 and August 4-7. If you would like more information about volunteering at our summer camps please contact our office.

Throughout the year Lethbridge Therapeutic Riding Association looks for therapeutic riding volunteers to assist with horseback riding lessons, saddling horses, leading horses and providing physical and emotional support as a side-walker for clients with disabilities. In addition we always need extra volunteers with farmyard work.

Volunteers are important to the organization and without their generous contribution of time and talents, many special needs individuals would not experience the joys of horseback riding.
