...Creates win—win
opportunities...

YOUTH Win...

When they are involved in hands-on volunteer opportunities that lead to new perspectives, experiences and help bridge the gap between formal education and paid work!

LETHBRIDGE Wins...

Because people support what they help create. When youth serve, a new generation of caring and concerned citizens is created.

SCHOOLS Win...

When students get involved in their community! Youth volunteers are positive and involved students.

BUSINESSES Win...

When they can recruit youth who have experience and attitudes that foster commitment and loyalty!
